About Art Share L.A.

WHO WE ARE

Art Share L.A. creates equitable access and inclusive opportunities for emerging artists by providing a creative environment for them to live, work, develop, perform, and exhibit in the Los Angeles community. We work to eliminate the complex systems of privilege and power embedded in the art world which limit many Black, Indigenous, People of Color, disabled, LGBTQ+, low-income, and other historically marginalized communities from finding success in the creative economy.

HOUSING: Providing 30 affordable lofts relieves working artists of their fear of displacement as they develop their craft into a marketable enterprise.

CREATIVE ECONOMY: Connecting artists to paid opportunities, from selling their visual artwork to public art commissions.

ART SHARING: Providing our 30,000 sq. ft building as a platform for artists to share their work from visual art exhibitions to showcasing performances, we are here to help an artist's voice be heard.

Public Hours

Sunday - Monday, Closed

Tuesday - Saturday, 1PM - 5PM
